ENVIRONMENTAL FLEET MANAGEMENT POLICY STATEMENT

It is the policy of EHM Limited to ensure that our business practices protect the welfare of our employees and the communities in which we operate. Excellence in environmental performance is consistent with our business objectives and we believe that the environmental management policy set out below embraces the standards that we would wish from all our business activities. Our activities have been defined as: -

“The provision of health and personal protective equipment, traffic management systems, clothing and tools to the construction and associated industries.”

EHM Limited has adopted the following principles to implement our environmental policy for its operations.

- The policy is aimed at communicating our commitment to reducing emissions and improving air quality, and protecting public health
- We will do this by keeping all vehicles serviced and maintenance of the vehicles held with the Transport Manager
- The drivers are responsible for completing the daily vehicle work around check sheets
- Driver techniques including Safe Urban Driving Course completed by all Fleet drivers
- Journey planning and routing of the vehicles to be as Environmentally friendly as possible, this is being measured by TrackM8, including not engine idling in traffic which will enable us to improve fuel efficiency and operating costs
- Our management systems provide the framework for setting objectives. These objectives and targets will be monitored and audited as an integral part of our activities

The company and staff will adhere to this policy and seek to enhance the Company's reputation for improving their Environmental impact.

Signed

Mr Steve Carpenter
Commercial Director
