

# EHM Planning for a Carbon Neutral future

# The history of EHM

EHM has been trading for 25 years from our base in Southwest London and have successfully supplied companies nationwide with their PPE and janitorial equipment.

## EHM's Core Values

- o Commitment
- o Respect
- o Sustainability
- o Environment

EHM are committed  
to implementing  
changes to reach  
their Carbon Neutral  
goal

# We aim to achieve our Carbon Neutral goal by:

## Our Supply Chain

- Reduction of single use plastics
- Offering PPE recycling facilities to our customers
- Sourcing environmentally friendly products

## Accreditations

- Our ISO14001 Management system ensures we practice and manage our environmental risks and obligations
- Maintaining FORS Silver accreditation

## Our HQ

- Introduction of hybrid vehicles for staff
- Analysing all utilities and reducing where possible
- Training staff in environmental awareness

## Packaging

- We are working closely with supply chain to remove all plastic bags
- Where possible we remove plastic straps from boxes

## Logistics

- Additional resources of adding electric vehicle to our fleet reducing carbon emissions and adhering to ULEZ.

## Our products

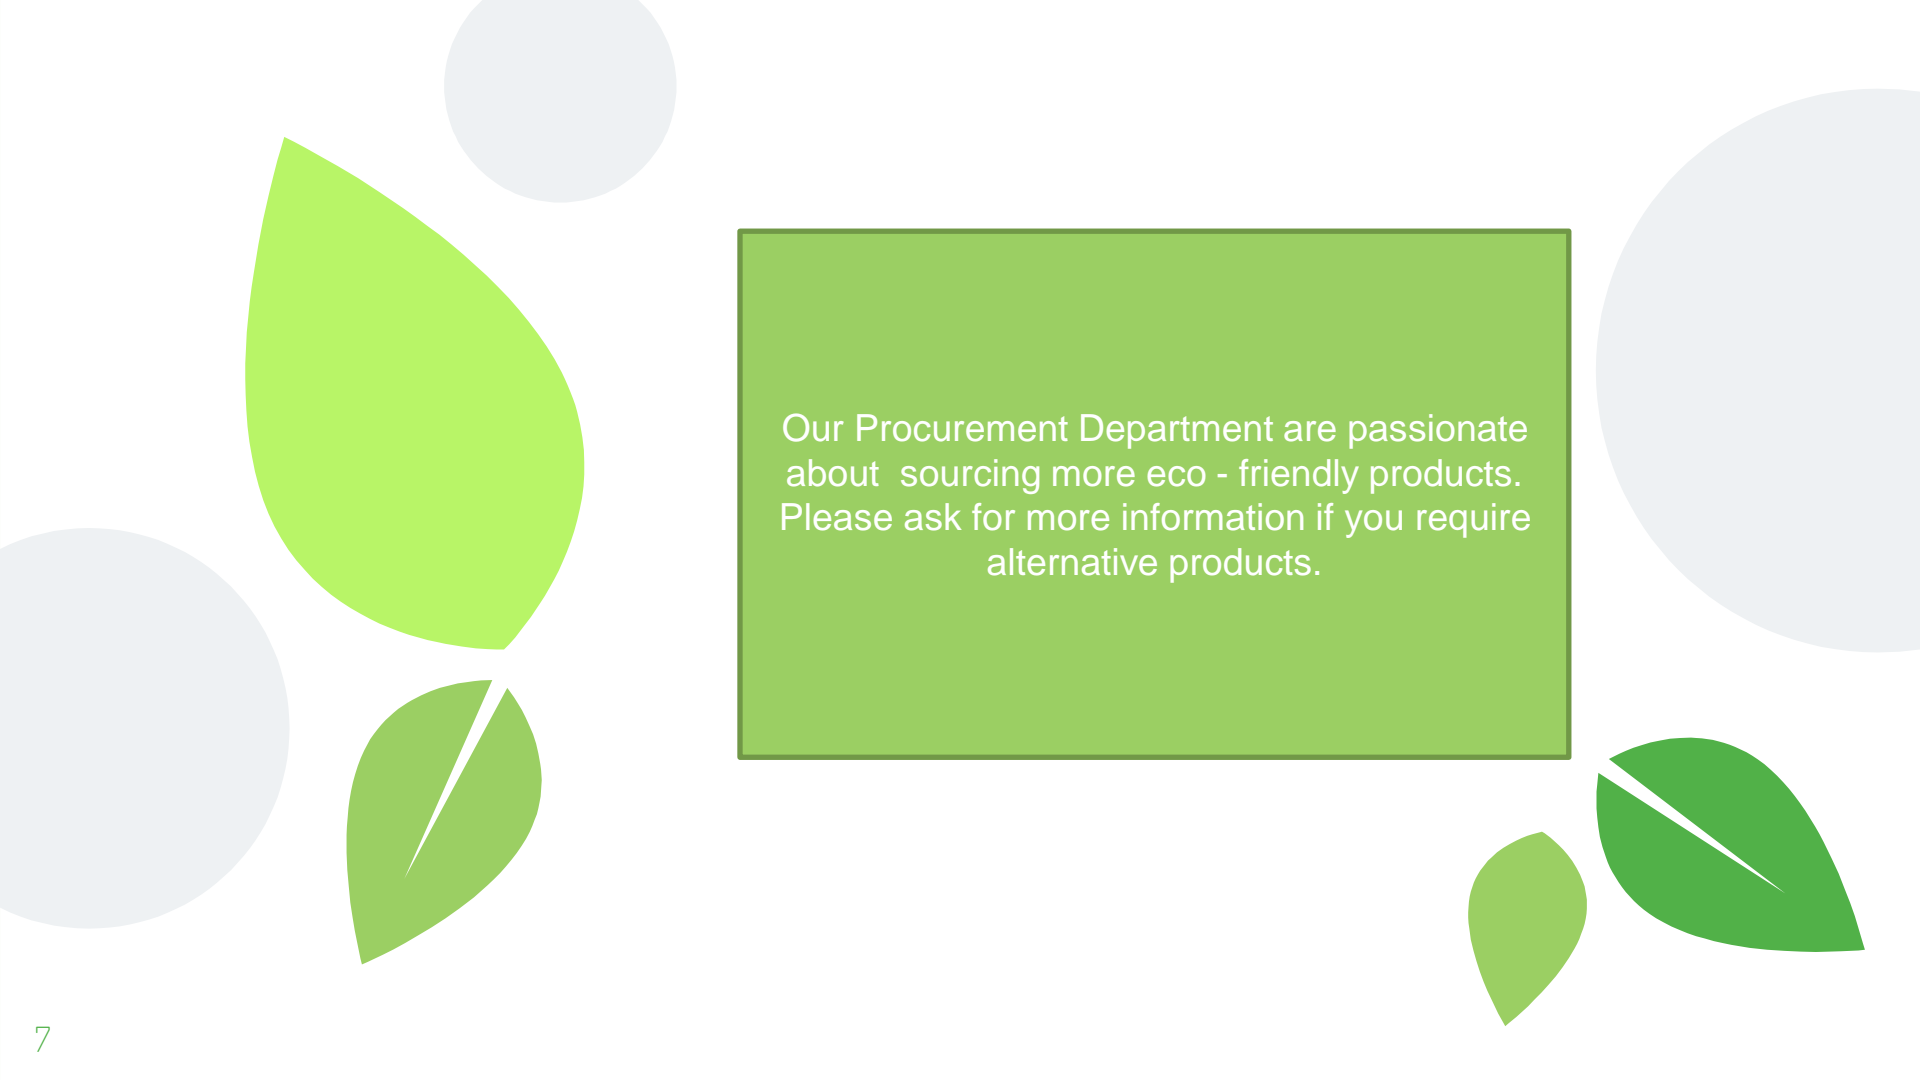

- Sourcing hi vis garments made from recycled polycotton
- Offering alternative greener cleaning products

# The key to EHM's success

EHM have been monitoring and measuring fuel and energy consumption and are pleased to announce positive improvements have been made in both areas.

Our Procurement Department are passionate about sourcing more eco - friendly products. Please ask for more information if you require alternative products.

# EHM reduce their carbon emissions by:

- Changing the management teams diesel vehicles for hybrid
- Adding electric vehicles to the fleet
- Installing electric chargers on site
- Combining non essential deliveries

# We achieve our environmental targets by:

## Reduce

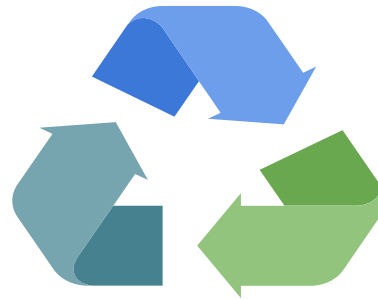

By implementing a plastic reduction initiative we have saved **1.6Tonne** of plastic from the supply chain since June 2021.

## Reuse

We recycle **all** packaging from our deliveries.

## Recycle

In 2021 EHM recycled **92.6%** of waste saving it from landfill.

We are proud to be members of

EHM are committed to embracing the change and saving the environment.
